

Child Assessment Centers

What does this appropriation support?

Child Assessment Centers (CACs) provide a child friendly setting where children, reported to have been sexually abused, can be interviewed by multi-disciplinary team members and receive a single medical examination. The Children's Division provides grants to the CACs. The funds are used for expenses needed to operate the centers such as salaries, equipment, facility costs, etc. The Missouri Network of Child Assessment Centers develops the funding plan for distribution of these funds which is then reviewed and implemented by the department.

How many people have been served?
